Mr./ Ms. Hesse:

Please accept this letter as a comment on the proposed Microsoft settlement, under the Tunney Act. I oppose the current proposed settlement, for a number of reasons. One that stands out is the fact that the current proposed settlement does not prevent Microsoft from imposing barriers to entry for operating systems which use or replicate Windows API's. I feel that the current proposed settlement is inadequate and does not properly address the issues posed in the initial finding of fact. Again, this letter is a comment opposing the current Microsoft settlement.

My name is Chris Coslor, and I am a citizen of the United States, and a registered voter in Jefferson County, Colorado. My address is:

Thank you for your time.
